

DISTRICT COURT ANNUAL STATISTICAL REPORT

FISCAL YEAR 2025

INTRODUCTION

Welcome to the Wyoming Judicial Branch's Annual Statistical Report for Fiscal Year 2025. This report provides a comprehensive snapshot of our state's judicial system, highlighting key data and insights that reflect our performance. Aligned with our commitment to transparency and accountability, this report presents essential information on caseloads and year-over-year comparisons. Our goal is to foster trust and understanding, emphasizing our dedication to data-driven decision-making.

METHODS

The data in this report is based on criteria focused on case statistics for district courts during fiscal year 2025 (July 1, 2024 – June 30, 2025). We employ a statistical model developed by the Court Statistics Project (CSP), which allows for meaningful comparisons of our case statistics with those of other states and national benchmarks.

The CSP model includes over 80 unique case types, which can be complex for high-level analysis and year-to-year comparison. To enhance clarity, we have grouped similar case types into 10 main categories for district courts.

These improvements in data collection and reporting methods aim to present a clearer, more relevant view of Wyoming's district court activities.
